What is Student Finance?

Student Finance in the UK is a government service that helps students pay for university or college. It can provide loans to cover tuition fees and maintenance to help with living costs like rent, food, and travel. You can apply online through Student Finance England. The money is paid directly to your college or university for tuition fees, and the maintenance loan goes into your bank account. You don't start paying it back until you've finished your course and are earning over a certain amount. How much you repay depends on how much you earn, not how much you borrowed.

Repayment

You'll only begin repaying the loan when your income exceeds the repayment threshold, which you can find here: <https://www.gov.uk/repaying-your-student-loan/what-you-pay>

Please note that interest is added to your loan from when you receive it, and repayment amounts depend on your income. For more detailed information, including how to apply and interest rates, visit the official Student Loans Company website.

This information is in line with Consumer Markets Authority (CMA) guidance for higher education institutions in England.

For official guidance on how to apply, please see the Student Finance England page: <https://www.gov.uk/guidance/student-finance-england-how-to-guide>

I have applied for the programme and submitted all my documents and completed the test and interview process. How long will take to find out if I am accepted or not?

All applicants apply for the programme and have to complete the due process as listed in the guide.

The Academy will complete the verification checks which are part of the admission process. This checks involve external agencies as we are dependant on their response in order to determine the outcome. We cannot comment on the timeframe as these checks can take time. This is outside our control and hence we request you to be patient and cooperate with the Admissions staff while those checks are ongoing.

My application has been rejected. How do I appeal against a decision?

If an applicant is not accepted into the Academy, they may also want to file an appeal against the admissions decision.
