#### **INDUCTION DAY FOR C5**

On the 25th and 26th of January, we welcomed our C5 cohort with two action-packed induction days. It was a fantastic opportunity for our new starters to experience their learning environment and get a feel for what lies ahead.

The days were filled with essential information about their courses, expectations, and opportunities. To keep things fun (and to test who was paying attention!), we organised a quiz that sparked some friendly competition.

It was brilliant to see everyone's energy as they embraced this new chapter.
